

# NEW! ZERO'S SCOUT SERIES A LIGHTER 19" RACKMOUNT CASE WITH SHOCK MOUNTS AND DOUBLE ENTRY

## BUYERS GUIDE AND PART NUMBER BUILDER

SELECT CASE SIZES AND OPTIONS. CUSTOM PARTS & BUILDS ARE AVAILABLE FOR QUESTIONS, CALL 1.800.959.5050. FOR A QUOTE, CALL, FAX OR EMAIL

### THE ZERO SCOUT™ RACKMOUNT CASE

is a lighter rotomolded, double entry case designed and engineered to provide complete protection for the most sensitive E.I.A 19" rackmountable equipment and instrumentation.

SCOUT 19" Rackmount cases meet the rigors of virtually all conditions including extreme altitude, rain, sleet, snow, sand, dust and temperatures.

- Strong, yet lighter polyethylene construction
- Shock-Mounted 19" Rack
- Flexibility—customize to needs
- Portable, stackable, versatile
- Variety of standard and custom finishes and color

### COLORS

- BK-Black 27040
- DB-Dark Blue 25102
- DS-Desert Sand 33446
- FG-Forest Green 24052
- GR-Gray 26270
- MR-Maroon PMS 202
- MB-Medium Blue 25190
- NA-Natural
- NG-NATO Green RAL6014
- OD-Olive Drab 24097
- OR-Orange 12197
- RD-Red 21105
- WH-White 27925
- YW-Yellow 23785

FED-STD-595 for reference.

### SHOCK MOUNTS (EQUIPMENT WEIGHT)

- 01-20 to 49 lbs▲ (9.1 to 22.2 kg)
  - 02-50 to 80 lbs (22.7 to 36.3 kg)
- Call for loads over 80 lbs.

### Standard Equipment Load Ranges

### SCOUT™ RACKFRAME LOAD RANGES

Shock Mounts Per System	Load Ranges (lbs/kg) For Equipment Installed in Rack
8 ea	20 to 49 lbs / 9.1 to 22.2 kg
8 ea	50 to 80 lbs / 22.7 to 36.3 kg

### HARDWARE

- 00 - Standard: Zinc Chromate Handle and Hardware
  - LL - Zinc Chromate Handle and Hardware, Locking Hasp●
  - BH - Black Metal Handle and Hardware
  - BL - Black Metal Handle, Hardware, Locking Hasp●
  - PO - Plastic Black Handle, Zinc Hardware
  - PB - Plastic Black Handle, Black Hardware
  - PS - Plastic Black Handle, Stainless Steel Hardware
  - P1 - Plastic Black Handle, Zinc Hardware, Locking Hasp●
  - P2 - Plastic Black Handle, Stainless Steel Hardware, Locking Hasp●
  - P3 - Plastic Black Handle, Black Hardware, Locking Hasp●
  - SS - Stainless Steel Handle and Hardware
  - LS - Stainless Steel Handle and Hardware, Locking Hasp●
- Handle material types may not be combined.

Call ZERO's Design and Engineering for custom sizes, colors and specific requirements.  
1.800.500.9376

**Lifting Rings:** Verify the application does not exceed the load carrying capacity of the lifting rings or case.  
**Stacking:** Verify weight and support.  
**Shock Mounts:** Equipment loads over 80 lbs (68 kg).  
**NOTES:**  
 Quick-Ship not available for Scout Rack Mount cases.  
 ● Watertight Option not available with Locking Hasps.  
 ▲ Select #01 Shock Mounts for 21" Case Body.

SCOUT ZDRS Includes a Shock Mount 19" Rack. +/- = Sway space to be increased or decreased dependent on selection. Standard load range: 20-80 lbs (9.1-36.3 kg). All weights are approximate.

ZERO reserves the right to modify product specifications, features and information. Technical information is known to be correct at the time of publication.

## CASE FEATURES

- Rack or Frames provide a precise platform for all 19" rackmountable equipment and systems. The unique rack frame is a lightweight, high-strength design with proven performance durability. All aluminum cross members are anchored into each corner with high-strength stainless steel hardware. (International hole pattern also available).
- Outer Case Shells are a lighter, rotationally molded virgin polyethylene. The case shells are formulated with high tensile strength to assure the absolute highest degree of protection.
- Exceptionally durable, it is resistant to virtually all industrial chemicals, solvents and acids.
- Ruggedized aluminum vertical stiffeners are anchored to the inner case gussets to offer heavy duty support when cases are in the stacked configuration.
- Vertical mounting rails are formed of high strength steel. #10-32 tapped holes for installations of instruments and accessories.
- Lid Hangers are standard on SCOUT cases and provide a convenient location for lid storage.
- 90 Degree Corner-Locks on all lids provide the ultimate standard of security when lids are closed and latched. By placing the locks in the corners, it offers maximum protection of your equipment during rough handling or drops on any corner, in any direction.
- Elastomeric Shock Mounts with sufficient sway space provide the ultimate in shock protection. Rack cooling and air circulating is facilitated by the overall case and low profile rack design. Shock mounts are selected based on equipment weight.

### SCOUT ZDCS is without a 19" Rack.

All weights are approximate.

Drawing Specifications:

Case Width G = 27.25 in (692 mm)

Cover Height (Exterior): 03 = 4.5 in (114.3 mm)

05 = 6.5 in (165.1 mm)

Cover Depth (Interior): 03 = 3.0 in (76.2 mm)

05 = 5.0 in (127 mm)

## SCOUT CASE FEATURES

- SCOUT Storage Case matches all SCOUT 19" Rackmount Cases. The unique case is a lighter design with proven performance durability.
- Outer Case Shells are a lighter, rotationally molded virgin polyethylene. The case shells are formulated with high tensile strength to assure the absolute highest degree of protection.
- Ruggedized aluminum vertical stiffeners are anchored to inner case gussets for heavy duty support for cases in the stacked configuration.
- Exceptionally durable, it is resistant to virtually all industrial chemicals, solvents and acids.
- Lid Hangers are standard on SCOUT cases and provide a convenient location for lid storage.
- 90 Degree Corner-Locks on all lids provide the ultimate standard of security when lids are closed and latched. By placing the locks in the corners, it offers maximum protection of your equipment during rough handling or drops on any corner, in any direction.

ZERO's Engineering and Design assistance is available to meet your requirements, custom sizes and colors.

# ZERO KNOWS

## 19" RACKMOUNT CASES

**ZERO KNOWS THAT RELIABILITY IS KEY WHEN TRANSPORTING ELECTRONICS**, but that you need more than that—you need protection that meets your specifications and reliability to withstand extreme conditions. Rackmount cases are quality tested and stand up to the harshest temperatures from extremely hot, to freezing cold, from full immersion in water to humidity extremes—we have the reliability, quality and protection you need.

### Key Features & Benefits:

- Shock-mounted, hard-mounted and removable rack configurations
- Flexibility to build to custom needs
- Portable, stackable and rugged
- Optional EMI/RFI shielding available
- Select from plastic or aluminum exterior cases
- Strong aluminum and steel rack construction
- Variety of standard finishes and colors available

### WARRIOR™

The ZERO Warrior™ Rackmount case is a rotomolded, double-entry case designed and engineered to provide complete protection for the most sensitive E.I.A 19" rackmountable equipment and instrumentation. Your equipment is assured of security and protection both inside and out.

### ZERAK™

The ZERAK™ is our newest aluminum double entry case designed and engineered to provide watertight and 40G protection for electronic equipment with a smaller footprint and lighter weight, and deliver greater efficiency in transportation and usage. This case meets the rigors of environmental conditions including temperature ranges, altitude, rain, sleet, snow, sand, and dust. Available in 4U to 10U sizes, custom configurations, and colors. Integral stacking design for vertical and 90° stacking capabilities with proprietary stacking dimples provide versatility and stability.

### VAL-AN 700

Val-An stands for "Value-Analyzed" for weight, performance and protection. The Val-An 700 shock-mounted aluminum rackmount cases offer reduced-sway space while maintaining ultimate protection of 19" electronic equipment. Engineered to satisfy requirements for rack-mounted enclosures, Val-An cases are designed to be stacked and accessible from the front or back.

### VAL-AN 900 SERIES

This versatile line of rugged aluminum cases feature an internal chassis, which is either hard-mounted or shock-mounted within the center section of the case. Installation of rack-mounted equipment is quick and easy, with accessibility from the front and rear. In transit or storage, instrument panels are latched to the case. Front and rear covers with specially designed T-Handle latches, allows accessibility to instruments and contents while in stacked mode.

**ZERO CAN MEET YOUR NEEDS** with one of our standard products, or through a specialized custom design, so no matter your use, application or device we have solution that will keep your sensitive electronics equipment stable and protected.
